We direct special attention to the following remarkable statements.

The late Rev. W. E. Penn, the noted Evangelist, to Mrs. W. H. Watson, New Albion, N. Y.:

Dear Madame: I recommend the Moore treatment, have tried it, and know it to be just what he says it is: was cured by it, and have remained so eight years; have known of many others being cured of the very worst cases. By all means get it. Yours truly, W. E. PENN, Eureka Springs, Ark., May 24, '94.

Am 72 years old, suffered from Catarrh over 25 years, was almost entirely deaf. Four years ago used Aerial Medication, which I regard one of the most useful discoveries of this age. Since have suffered but little. My hearing was and is still restored, can hear ordinary conversation and preaching. Rev. Dr. Potter, of this city, has been signally blessed by this treatment in the cure of throat affection.—REV. C. R. PATTISON, Eustis, Fla.

"Whereas I Was Deaf, Now I Can Hear."

At the age of 69, after having suffered from Catarrhal Deafness 20 years, am truly thankful to state that I am entirely cured by Aerial Medication; my hearing, which had become so bad that I could not hear a watch tick, or conversation, is fully restored. I will verify this statement.—WILLIAM RITCHIE, Derby Centre, Vt.

Had catarrh ever since I can remember, often avoided company on account of it; throat was dry and sore, the least change in the weather gave me cold; dull pain over my eyes caused a stupid and drowsy feeling; ears began to ring, in a short time my hearing failed, became so deaf could not hear one talk unless they were close to me, and spoke very loud. Used Aerial Medication eight weeks, hearing was fully restored, roaring and pain stopped, and was entirely cured of Catarrh. I do not see why anyone should suffer from Catarrh or deafness when there is such a good cure as this.—MISS CARRIE BOWERS, Rouseville, Pa.

For eighteen years I was not able to do any work, was confined to the house three years, often confined to the bed; took cold on the slightest exposure, eyes were weak and discharged great deal of mucus, was deaf in right ear, suffered intensely with pain in head, had fainting spells, often thought would lose my mind, and was a misery to myself and friends. Eighteen months ago used Aerial Medication, in two weeks hearing was fully restored, Catarrh gradually subsided, and in six months was entirely cured. It has been one year since I used the treatment, the disease has not returned, and I feel like a new person.—MRS. KATE ELLEGOOD, 2221 Walnut St., St. Louis, Mo.

We have reliable assurance that the above statements are genuine and that Dr. Moore is a reputable physician.—

—The Pacific Cable Company of New York is preparing to connect the United States with the Sandwich Islands by cable. It will require over 9,000 miles of wire to make the proposed connections with Hawaii, Japan, China, and Australia.

—Bank robbers blew open a bank safe at North Amherst, Ohio, Friday night. The safe contained \$12,000. The robbers were fired upon by a plucky clerk sleeping in the building. One of the burglars was wounded, and the robbers got away, but secured no booty.

—A new telephone company for Greater New York is one of the announced expectations for the near future. It is said that the new company will have a capital of \$15,000,000, and will count on doing business in all of the cities of New York state. A 50,000-phone exchange is to be established in this city, with the expectation of speedily adding to the number. The idea of the new concern is to set up toll-lines, and run a sharp opposition to the Bell Company. It is said that the leading person in the new enterprise is William M. Holmes, of Detroit, a man well known in telephone circles. He will be backed by New York capitalists.

—Twenty-five men arrived in Seattle, Wash., on Sunday direct from Dawson City, the heart of the Alaska gold-fields, having left that place October 16. These men report a sad condition of affairs in the mining district, and certain starvation staring the people in the face. The only possible escape is a hazardous winter trip from Dawson City to Ft. Yukon. The men on the ground are only supplied with provisions which will last from one to four months at the best. The public restaurant closed before the party left Dawson City, and had been selling beef-steaks at \$2.50 each. The last vessel which reached Dawson had a cargo of whiskey and billiard outfits, but no provisions.

—Surgeon-General Wyman of Washington, has received a report from Havana indicating that the pestilence which sometimes follows war has practically appeared in sorely stricken Cuba. In one week 600 deaths occurred in Havana, and at least 50 of them are believed to have resulted from starvation pure and simple. The sanitary condition of the city, bad

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

for a long time, is constantly growing worse. Inspector Brunner, who made the report to the surgeon-general, says that he believes if the present condition continues during the winter and spring, Havana will become a great menace to the health of the United States. The deaths in that city are now equivalent to an annual ratio of 158 per 1,000 of population, which is seven times greater than the death rate in most American cities.
